## PASSION TRAILERS

### LEARNING INTENTION:

- I can use pictures, words, and videos to clearly teach others about my passions.

Life is all about learning new things. Many of us enjoy learning about different things. Some of us enjoying learning how to play instruments and some of us enjoy playing sports. Regardless of the activity, what you enjoy learning about shows what you are passionate about. Some of my passions include teaching, running, reading, and traveling.

What are some of your passions and reasons why you are passionate about them?

1.)	2.)	3.)	4.)
